

Lakes Community Cooperative

# LP Gas Programs

## PROPANE CONTRACTING

Lakes Community Cooperative is offering propane contracting for its patrons. This is an option where you can purchase a chosen number of gallons during the summer to be delivered through the heating season. You must pay for the gallons and have the signed contract returned to the office by the scheduled due date on the contract to lock in the price. Contract gallons are delivered until they are gone. The contract gallon price will be released each July.

## BUDGET PAYMENT PLAN

The Budget Payment Plan is a program to allow to extend your heating costs over a ten Month Period. The amount of your monthly payment is determined by taking your annual heating cost and dividing it by ten. The budget payment plan applies only to the heating bills, it does not apply to merchandise or service calls. It is important to note that your account must be paid in full before your first budget payment is due and all deliveries will be billed with the current days propane price.

## CASH DISCOUNT POLICY

Customers who have obtained credit and charge privileges can receive a ten cent a gallon cash discount if payment is recieved within ten working days from delivery. Your driver will show the cash discount amount on your delivery slip. If you have any questions regarding propane, please call us toll free at 1-866-346-5601, or locally 1-218-346-3500.
